INFORMATION DISCLOSURE STATEMENT

Sir:

Applicants direct the Examiner's attention to the documents listed on the enclosed Form PTO-1449 (ten sheets), in compliance with the duty of disclosure under 37 C.F.R. § 1.56 and in accordance with the practice under 37 C.F.R. §§ 1.97 and 1.98. Copies of the listed documents are also enclosed, with certain ones being marked as "Exhibits" for ease of reference herein.

Exhibits 1 - 10

Applicants believe that each of the candle jars shown in Exhibits 1 through 10 was known or used by others in this country before Applicant's filing date of August 1, 2003, and that each of the candle jars shown in Exhibits 1, 2, and 4 through 10 was on sale in this country more than one year before August 1, 2003. In particular, the candle jars

shown in Exhibits 1 and 2 are GLADE® candles, which were commercially sold in the United States by S.C. Johnson & Son, Inc. (the Assignee of this application), of Racine, Wisconsin, more than one year before August 1, 2003 (note: one of the two candle jars is shown without its decorative wrapping in order to reveal to the Examiner characteristics of the glass jar itself).

Exhibits 11-16

Exhibits 11 through 16 provide information obtained by Applicants from the World Wide Web of the Internet. Using an Internet archiving engine called the “Wayback Machine” provided by Internet Archive, a 501(c)(3) public nonprofit organization (see <<http://www.archive.org>>), Applicants identified probable first dates of publication of these Exhibits on the World Wide Web as follows:

- (i) Exhibits 11 and 12 were probably first published by June 7, 2002. Exhibit 11 shows a “Green Glass Votive” and Exhibit 12 describes the same, stating “[w]hen lit, the thick green ‘hammered’ glass shimmers like a jewel. One at each place setting adds a festive touch to casual dining, or group a collection for a warm effect. Uses tealight candle (not included).” (page 1);
- (ii) Exhibit 13 was probably first published by April 7, 2001, showing a “Heart Votive Holder” and stating “Hammered Glass”;
- (iii) Exhibit 14 was probably first published by December 12, 2001, showing samples of textured clear glass;
- (iv) Exhibit 15 was probably first published by June 19, 2002, showing a sample of “Spectrum Hammered” textured clear glass; and

(v) regarding Exhibit 16, the Wayback Machine could not establish any probable first publication date; however, Applicants believe Exhibit 16 shows the Heart Votive Holder of Exhibit 13.

Exhibits 17-21

Exhibits 17 through 21 are promotional documents of ARC International (formerly known as Verrerie Cristallerie d'Arques, J.G. Durand & Cie), 62510 Arques, France, or of ARC International North America, Millville, NJ 08332 (collectively "ARC International"). Applicants believe these Exhibits were each published before August 1, 2003. Applicants direct the Examiner's attention particularly to the following: (i) Exhibit 17, page 31, showing texturing on a "Finlandia" container; (ii) Exhibit 18, pages 2 and 3; (iii) Exhibit 19, pages 2 through 4; and (iv) Exhibit 20, page 15, showing "Votives".

Exhibits 22-31

Applicants believe Exhibits 22 through 31 are documents published before August 1, 2003.

Exhibits 32-34

Exhibits 32 through 34 are International Search Reports as set forth on the enclosed Form PTO-1449.

Applicants also direct the Examiner's attention to the following commonly assigned patents and patent applications:

- (i) U.S. Patent No. 6,554,448 B2, issued April 29, 2003, entitled "Luminary Device With Thermochromatic Label", and published as U.S. Patent Appln. Pub. No. 2001/0043469 A1 on November 22, 2001;
